Sabal opens two more uncommonly stylish showhomes in Trumpeter

Opening July 3 are two of Sabal's newest showhomes in the new NW Edmonton community of Trumpeter.

"We are very excited to be showcasing two distinctive model homes in this brand new community," says marketing manager Kendra Milne. "The showhomes give prospective buyers an opportunity walk through our homes and view Sabal's craftsmanship first-hand."

Sabal is offering several impressive attached-garage models in Trumpeter, specifically featuring the spacious Vasi model and open-concept Calibre model as showhomes. "Sabal's attached-garage homes appeal to a wide range of homebuyers at an attainable price point," continues Milne. Prices start in the low \$400,000's.

In addition, staples of Sabal's product line-up including the award-winning Ascent model are available. Sabal's homes in Trumpeter range in size from 1,551 sq. ft. to 2,568 sq. ft. and offer an upscale list of standard features and conveniences, including use of the company's designSense Studio and dedicated design consultants to conveniently customize the interior and exterior styling of each home. Furthermore, Sabal is introducing a new bungalow floorplan, the Luma, sure to be popular in this serene community.

Trumpeter is a new master-planned community by United Communities, and is currently in its first phase of development. Named for the trumpeter swans that use the wetlands during migration, Trumpeter offers country living without leaving the city. "There is a lot of interest in Trumpeter and we expect sales to be very brisk," explains Milne. "Buying now gives the customer an opportunity to build on the lot of their choice, and buying in the early stages of a community often leads to savings, as the value of this location will be recognized by many."

Sabal Homes works towards being a leader in the homebuilding industry for bringing value and enjoyment through home design, innovation, and a memorable homebuilding experience. Building for more than 15 years, Sabal is not set in its ways – always pushing forward to create some of the most innovative homes and customer experiences in the industry.

To learn more about Trumpeter, and Sabal Homes, please visit the new showhomes at 12932 201 Street NW (next to the Glendale Golf & Country Club), call (780) 756-7794 or visit sabalhomes.com.
