vida

This innovative home was designed for growing families who want plenty of living space. The main floor features an open concept with spacious rooms, including a large den and a 9' eating bar that transitions you from the front of the home to the kitchen and living area. The gorgeous kitchen features granite counter tops and painted cabinetry, and stainless steel appliances. The main floor is covered in rich Alder flooring and beautiful natural slate tile is in all bathrooms, entry ways and the laundry room. Upstairs a large entertainment room separates the master retreat from the second and third bedroom, giving parents and kids their privacy.
